EXAMINER'S AMENDMENT

Supplemental Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Rewrite claim 1 thus:

- 1. (Amended) An isolated DNA segment encoding a MURF-2 polypeptide either having:
 - (i) the amino acid sequence as set forth in SEQ ID NO:4; or
 - (ii) a variant of the amino acid sequence set forth in in SEQ ID NO:4 capable of binding a microtubule wherein the variant is encoded by a nucleic acid sequence that hybridizes to SEO ID NO:3, from position 80 through position 1710, inclusive, under conditions of 10 mM Tris-HCI (pH 8.3), 50 mM KCI, and 1.5 μm MgCl₂ at a temperature of 72°C.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Steven L. Highlander on 13 September 2005.

The following is an examiner's statement of reasons for allowance:

The examiner's amendment in the communication mailed 1 July 2005 had corrected the dependency of claims 3 and 17, and ensured that the claims recited SEQ ID NO:4, and the examiner's amendment herein removes a redundant preposition from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
